# Renaissance

## Paint Rollers

### NYLYN™ TECHNOLOGY

Constructed with the same NYLYN™ Technology found in our Renaissance brushes, this unique synthetic hybrid blend produces high quality lint free finishes and provides the best coverage versus any other lint free roller in the market. A true production roller your painters will thank you for.

Assortment consists of pile heights for smooth to rough surfaces and standard 240mm rollers along with mini rollers for any project big or small.

Item #	Description	Size	Pack Qty	UPC
R790	Renaissance Refill 6mm pile	240 mm / 9 1/2"	30	058391007900
