

Work With Ease...

Simms Patented Paint Tray System & Tray Arm®

Make your job easier by keeping your paint and roller fresh and free of debris while you take a break for an hour or a day. No need to clean-up and put painting tools away. Just place roller handle outside of opening on tray cover and secure cover to pegs located on tray.

Eases back and leg strain...

The TrayArm® eliminates the need to bend over to pick-up or move paint tray. Fits most standard metal and plastic trays allowing for easy movement around any project.

**System includes
Simms jumbo tray, the
#1 choice of painters!**
